

Case Study

British School, Al Rams - RAK Academy

Location: Ras Al Khaimah

Type: Follows British School Curriculum (KG1-G5)

RAK Academy's British School, Al Rams finds the current, visual and engaging literacy resource it needs.

“

This is such a beneficial resource for all age groups within our school. Being games-based and digital allows reinforcing concepts and learning strategies. LiteracyPlanet has positively impacted our phonics teaching and consequently, our reading levels.

”

Laura Campbell

Literacy Coordinator and Grade 5 Class Teacher

Why they chose LiteracyPlanet

An individualised and purpose-built program that develops literacy skills is what British School, Al Rams was looking for when they met the LiteracyPlanet team. Now, the Academy that follows the British school curriculum has 350 students from Years KG1 to G5 signed up to the program and they don't hesitate to rate it 5 out of 5!

How the school uses LiteracyPlanet to improve literacy outcomes.

Online learning is a key area of focus for development across the RAK Academy. To this end, online learning and blended learning approaches have been applied in all classes. LiteracyPlanet supports both teachers and students in this. The benefit of featuring digital resources in the learning process is that it engages students in a way teachers have not been able to do until now.

“

LiteracyPlanet is a stand-out teaching tool as it allows us to differentiate learning levels, no matter in which grade the student is. It makes using it across all grades easy. It's a great time-saver too.

”

Laura Campbell
Literacy Coordinator and Grade 5 Class Teacher

The British School, Al Rams has adopted LiteracyPlanet in a variety of ways to deliver leading literacy learning with an individualised approach. The program is used to supplement spelling activities, as well as for guided reading and phonics exercises. It is also a popular element of distance learning where students are given structured teacher-directed activities that both educators and children love.

LiteracyPlanet delivers the high quality e-learning solution the British School, Al Rams is looking for.

Integrating LiteracyPlanet has supported classes at the British School, Al Rams through:

- Phonics activities being used as an engaging resource
- Allocating grammar, comprehension, spelling and phonics activities based on learning levels, reinforcing classroom learning
- Comprehension activities aligning well with the Academy's use of GL Assessments
- Group teaching and intervention work, allowing for targeted support
- Teachers tracking student progress and easily identifying areas of development
- Providing an easy platform to integrate online learners into the class

“

Our students absolutely love the gamified aspect and reward elements in LiteracyPlanet. It makes learning fun and there is such a sense of satisfaction and fulfilment when they turn hard work, practise and good test results into new accessories for their avatars.

”

Laura Campbell

Literacy Coordinator and Grade 5 Class Teacher

Students access effective literacy resources

Literacy learning outcomes at the British School, Al Rams have improved across the cohort. LiteracyPlanet has been the perfect answer to the challenge of resourcing engaging and age-appropriate phonics content for older children. Phonics, and consequently, reading levels, have seen great improvement in all age groups.
