

# Phonics Wheels

## How to set up and play

- 1 Print the Phonics Wheels then carefully cut around the outside edge of each one. Laminate each wheel and then cut again.
- 2 Provide students with the Phonics Wheels for your focus sounds along with some clothes pegs or clips.
- 3 Have students place pegs on the pictures that begin (or end for x, ck, ss, ll, ff, zz) with the sound shown in the middle of each wheel.

**Tip:** Help students become familiar with the images on the Phonics Wheels by first reading LiteracyPlanet's Phonics Readers and having a discussion using our Phonics Posters.
